

**100 MILES. 100 RIDERS.
\$100,000 TO CHARITIES.
ALL DAY TO DO IT.**

This is the inaugural year for Solstice Century, and we are asking for your support!

Over the past six years, Zac Larson has spoken with many people about his bike riding. During that time, many people have said to him, "Oh, I could never do that." With this new fundraising event, Solstice Century, Zac is giving **100 riders** a chance to experience the challenge and exhilaration of participating in a **100 mile** bike ride on June 21st, the summer solstice... and we're doing it for our neighbors in need. Our goal is to raise **\$100,000** for local charitable organizations in mental health & food and shelter services.

Please consider sponsoring this event with either services or donation. Volunteers are also needed. Your name and logo will be displayed on the Solstice Century website and recognized at the event. Please email betsy@intentgen.com with your commitment.
