

**100 MILES. 100 RIDERS.  
\$100,000 TO CHARITIES.  
ALL DAY TO DO IT.**

## **We're riding 100 miles in one day and we are asking for your support!**

Over the past several years, Zac Larson has spoken with many people about his bike riding. During that time, many people have said to him, "Oh, I could never do that." With this new fundraising event, Solstice Century, Zac is giving **100 riders** a chance to experience the challenge and exhilaration of participating in a **100 mile** bike ride on June 19th 2026, the summer solstice... and we're doing it for our neighbors in need. Our goal is to raise **\$100,000** for charitable organizations in mental health, international children and food & shelter services.

Please consider sponsoring this event with either services or donation. Volunteers are also needed. Your name and logo will be displayed on the Solstice Century website and recognized at the event. Please email [betsy@intentgen.com](mailto:betsy@intentgen.com) with your commitment.
